- [PERSTEMPO Management](#)
- [New Electronic Publications](#)
- [New USAREUR Command Memorandums](#)
- [New USAREUR Command Policy Letter](#)
- [How To Use This Bulletin](#)

VoIP Technology

Voice Over Internet Protocol (VoIP) is a local area network/wide area network application that combines voice and data networks, thereby allowing both voice and signaling information to be transported over the packet-switched network. VoIP provides cost-effective, unified messaging that consolidates voice mail, faxes, and e-mail into a single mailbox.

The Office of the Deputy Chief of Staff, Information Management (ODCSIM), HQ USAREUR/7A, considers VoIP an emerging technology that is not yet ready for mission-critical use. No DOD or DA standards are in place for VoIP systems, and call quality may not be as high as that provided by regular telephone systems.

Purchasing or connecting VoIP systems to USAREUR networks without ODCSIM approval is not

authorized. USAREUR organizations that want to acquire VoIP systems must contact the ODOSIM before purchase and follow the guidance in [USAREUR Regulation 25-1](#) and [USAREUR Pamphlet 25-1](#).

The POC is Mr. Bledsoe, DSN 370-7239, fax 370-8889, or e-mail: bledsoet@hq.hqusareur.army.mil.

Haus Rissen

Allocations for U.S. military and civilian personnel to attend Haus Rissen seminars in Hamburg, Germany, are still available. Field-grade, company-grade, and noncommissioned officers (NCOs), and equivalent-grade Department of the Army civilians are eligible to attend. Personnel selected to attend must have a retainability of at least 1 year in USAREUR.

Haus Rissen is an international institute for politics and economics. It is a private organization not affiliated with any political party, religion, or interest group. The institute is in Rissen, which is a part of Hamburg. Haus Rissen offers seminars on current and historical issues in Germany and Europe for U.S. Forces military and civilian personnel. The 5-day seminars provide information on the political structure and history of Germany; the German education system, politics, and economy; and European Union issues. A harbor and sightseeing tour of Hamburg is included in the program.

The next seminar for field-grade officers and equivalent-grade civilians will be held 6 through 11 May 2001. The seminar for company-grade officers and equivalent-grade civilians will be held 24 through 29 June 2001. The seminar for U.S. and German noncommissioned officers and equivalent-grade civilians will be held 8 through 13 July 2001. Seminars for NCO-level personnel are attended by German participants and provide an opportunity for U.S. Forces NCOs to meet their counterparts in the German Armed Forces.

The Office of the Chief, Public Affairs, HQ USAREUR/7A, provides funds for seminar costs, lodging, and meals. Sending units and organizations must provide temporary duty orders and pay attendee travel expenses.

The POC is Mr. Beldermann, DSN 370-8725 or e-mail: belderma@hq.hqusareur.army.mil.

MIMTW 2001

The USAREUR Major Item Management Training Workshop (MIMTW) 2001 will be held at the Allgäu Stern Hotel in Sonthofen, Germany, from 7 through 11 May.

The goal of the MIMTW is to provide property book officers, their staff, and major-item managers an opportunity to solve problems and receive refresher training from subject-matter experts on current and future automated property-management, analysis, and tracking systems.

The Office of the Deputy Chief of Staff, Logistics (ODCSLOG), HQ USAREUR/7A, has reserved 125

rooms at the Allgäu Stern Hotel and will provide funds for 75 allocations. USAREUR property book officers have first priority for these allocations, followed by major-item managers. Personnel must register on the [*ODCSLOG homepage*](#) by 4 April 2001 to be considered for funded allocations, and by 16 April 2001 to be considered for hotel reservations.

PERSTEMPO Management

The Department of the Army has set a deadline of 30 March 2001 by which units must be registered and entering deployment data into the Personnel Tempo (PERSTEMPO) automated database. Units with unit identification codes ending with AA must ensure that they have a PERSTEMPO user registered and actively entering PERSTEMPO data into the database by this date.

The [*1st Personnel Command PERSTEMPO webpage*](#) provides PERSTEMPO policy and procedures and information on how to register users. The POC for user registration is Staff Sergeant Teter, DSN 379-6390 or e-mail: jerry.teter@hq.1perscom.army.mil.

New Electronic Publications

The following USAREUR publications have just been published and are available only in electronic format in the Electronic Library of USAREUR Publications and AE Forms:
